AUTHORIZATION FORM FOR THE ENTRANCE IN THE LABORATORIES¹ (LAUREANDI)
(In accordance with art. 17.2 of the University Regulation of safety at workplace - Regolamento di Ateneo in materia di salute e sicurezza sui luoghi di lavoro)

The undersigned, Surname ______________________ Name ___________________________
Matriculation Nr. __________________________ Email ____________________________

Asks for the authorization to enter the area and to use the equipment of the Laboratory / Group __________________________ in order to start the Thesis / Master’s Thesis in __________________________
Topic: __________________________

Supervisor²: __________________________
Period: from _______________________ to ______________________

Declares:
☐ to have acquired the ECTS credit of the activity cod. 140550 “Safety in the Laboratory”
or
☐ to have passed the online Course on Health and Safety in the workplace - Workers' General Training https://didatticaonline.unitn.it/ateneo/course/view.php?id=50
☐ to have passed the online test Department of Physics - Safety in the laboratory https://didatticaonline.unitn.it/ateneo/course/view.php?id=91
☐ to be aware and to respect the safety rules, the emergency plan and the opening hours of the Department (https://www.physics.unitn.it/278/salute-e-sicurezza-nei-luoghi-di-lavoro);

Attaches: (only for those who work in laboratories)
☐ Form Consegna dei Dispositivi di Protezione Individuale DPI;
☐ Risk identification form;

Specify if you will use:
☐ Carcinogens/mutagens agents;
☐ Ionizing radiations;
☐ Laser class 3 and 4;

¹ “Laboratories” are all the research laboratories of the Department of Physics and the Technical Services. For the entrance in the Didactic Laboratories see the specific form, available at the following link: https://www.physics.unitn.it/278/salute-e-sicurezza-nei-luoghi-di-lavoro.
² The Supervisor acts as “Preposto” and must verify that the student has adequate information and training about health and safety procedures in the laboratory. If needed he can deny the allowance to use the laboratory equipment autonomously.
In order to use the laboratory equipment autonomously, the student has to be authorized by the Supervisor, who decides on the basis of the student’s experience, training and information.

The undersigned ____________________________ asks the authorization to use the laboratory equipment autonomously, and therefore declares:

☑ to be properly informed about the risks of the activity and about the correct procedures of the instruments use;

☑ to be aware of the laboratory procedures, both about the use of the instruments and the waste management;

Place and Date ____________________________

Student’s signature ____________________________

The Supervisor has to provide the student with adequate information and training about health and safety procedures in the laboratory (for consistency with what declared in the Risk Identification form); in therefore acts as “Preposto”.

For acceptance, the Supervisor ____________________________

For authorization, the Director of the Department of Physics ____________________________
